

~ EXHIBITOR BINGO ~

At the past two conferences we played a game of “Exhibitor Bingo”, and it was a big success! The way this works is this...

Each conference registrant will receive a bingo card the morning at registration. This card will have a square for every *participating* exhibitor on one side, and a map of where each exhibitor is located on the other side. When registrants visit your table you will give them a star to put on your company’s square. Star stickers will be left for you at your exhibitor table the morning of the event.

Once registrants have filled every square they can then submit their card to be entered into a raffle for cash and gift prizes.

The goal of this game is to encourage our attendees to visit each exhibitor table in hopes of increasing the amount of contacts you make at our event. The cost to play is \$25. You can register to play using the Order Form enclosed in this packet. If you prefer to submit a prize with a value of \$25 or more, please contact Andrea at hardy@reba.net for details.

Good luck!
