

Assistant General Counsel

Massachusetts Department of Fish & Game

The Massachusetts Department of Fish & Game works to preserve the state's natural resources and people's right to conservation of those resources, as protected by Article 97 of the Massachusetts Constitution. To carry out this mission, the Department exercises responsibility over the Commonwealth's marine and freshwater fisheries, wildlife species, plants, and natural communities, as well as the habitats that support them.

General Statement of Duties and Responsibilities: Represent and advance the Department of Fish and Game's position, mission, and statutory obligations in legal matters involving land acquisition, conservation easement and conservation restriction acquisitions; conservation easement and conservation restriction encroachments and violations; protection of land or resources owned or managed by the Department; litigation; and other related legal matters.
