

Corporate Paralegal

BlueWave Solar Boston

The Corporate Paralegal will assist with a broad range of general corporate matters and agreements, and support real estate development activities for a portfolio of commercial photovoltaic solar projects. The person will engage in matters involving leases, lease options, and easements, and be responsible for entity formation and maintenance, reviewing title reports and surveys, contract management, as well as helping to make internal process improvements. We seek a highly motivated, creative, and self-starting team member both to support BlueWave's immediate business needs and to help guide us in becoming a best-in-class organization. The successful candidate will be driven to support numerous internal clients, with a focus on resolving obstacles to solar development.
